

**Delaware Health Information Network**  
**Town Hall**  
**Wednesday, August 7, 2019**  
**11:00 a.m. – 12:00 p.m.**

Conference Room  
107 Wolf Creek Boulevard  
Suite 2  
Dover, DE 19901

**Meeting Minutes**

**Purpose**

To keep our public informed.

**Agenda**

What we are doing

What we will be doing

What should we be doing (public feedback)

**CURRENT Activities Update:**

**HCCD:**

Monica Horton, DMMA's attorney has reviewed the contract for the IAPD and has forwarded to the DMMA leadership stakeholders. Once they agree to the changes, DMMA will forward to DHIN's attorney for review.

DHIN is working with CDC (our first paying customer) to finalize the documentation they need in preparation for the project they are working on looking at water quality and the downstream health effects in Delaware.

**The Community Health Record**

The CHR is currently in post go-live stabilization and clean up with 25 open issues. One-third of the issues are specifically related to the User Management Tool which adds and removes users from the system. DHIN is waiting on Ai to make the necessary changes that will allow the practices to continue managing work on their end.

DHIN is also in discussion with Ai on the next phase which will include several enhancements. However, we will not move forward until all current issues are addressed.

DSAMH is implementing Cerner as their EHR and plan to go live in January. They are looking at DHIN services and are looking at receiving alerts when one of their patients has been seen at another location. DHIN is working with DSAMH to clearly understand what they would expect from us and what services we provide.

**Next Town Hall: October 9<sup>th</sup>**
