Data Request: Application #ID1

Applicant: Child Death Review Commission

Project Title: Child Death Review Commission’s Access to Provider Names Data Set

Description: The objective of this project is to identify where a mother or child has sought care or filled prescriptions, within the two years prior to their death. The CDRC will provide the HCCD with a list of children or mothers who have died and are requesting that the HCCD provides back identifiable information relating to the person and the providers/pharmacies visited within the two years’ prior to their death. This identifiable information includes information related to the deceased individual (i.e. name, date of birth) and the providers seen (i.e. provider name, address, NPI, etc.) CDRC will then use this information to subpoena these providers for additional information as set forth in 31 Del.C. § 320.

Next Meeting: June 1, 2020, 3-5pm
